

## ENVIRONMENTAL MANAGEMENT POLICY\*

10.11.2017. Rev. C

KONČAR - D&ST Inc. within its scope of business (design, production, testing and servicing of distribution, special and medium power transformers) commits to respect legal regulations of the Republic of Croatia, obligations arising from the acceptance of the ISO 14001: 2015 standard requirements as well as the applicable requirements of the interested parties.

Company management supports the implementation and development of an environmental protection system throughout the organization in order for successful implementation of the strategy and objectives and continuous improvement of environmental performance results in the field of environmental protection.

Conscious about environmental conservation needs we are committed to continuous management of the company's environmental impact :

- timely and effective prevention of possible soil, water and air pollution
- rational use of natural resources
- reduction of waste quantities and proper waste sorting
- acting on the awareness of all employees and contract partners
- choosing environmentally friendly raw materials
- planning and introduction of cleaner manufacturing processes and ecological product design.

KONČAR - D & ST Inc. encourages interested parties to apply environmental protection principles.
